PROFILE

Computer Science graduate with 6 months of internship experience in Full Stack Development. Skilled in Node.js, Express.js, React.js, JavaScript, Core Java, MySQL, HTML, and CSS. Experienced in developing RESTful APIs, MVC architecture, database design, CRUD operations, API integration, and responsive web applications. Familiar with SDLC, Agile methodology, Git/GitHub, Postman, and problem-solving. Passionate about building scalable backend applications and learning cloud technologies.

EDUCATION

Bachelor of Computer Science - (BCS) 2022 – 2025
Dr. Babasaheb Ambedkar University, Chhatrapati Sambhajanagar
CGPA: 8.22
Percentage: **82.2%**

SKILLS

Frontend

HTML5, CSS3, JavaScript(ES6+), React.js
UI Development, Bootstrap
WordPress-(Basic) Responsive Web Design.

Databases:

MySQL

Backend

Node.js, Express.js, Core Java, Spring Boot Basics
RESTful API Development, MVC Architecture, CRUD
Operations, Authentication

Developer & AI Tools

Git, GitHub, Jira, Postman, Cursor AI, Vercel, VS
Code, ChatGPT, Antigravity Google Gemini, Prompt
Engineering.

PROJECTS

1. Product Management System

Live Frontend Demo : <https://product-managment-s.vercel.app> 🔗

- **Tech Stack:** React.js, Node.js, Express.js, MySQL, HTML, CSS, JavaScript, REST API, Git/GitHub
- Built a full-stack Product Management System with category-based browsing and role-based access (Admin/User).
- Developed RESTful APIs for product and category CRUD operations.
- Used Git and GitHub for version control and project management.
- Implemented user authentication and authorization to secure admin functionalities.
- Created responsive and user-friendly interfaces using React.js, HTML, CSS, and JavaScript.

2. Hotel Booking System

Tech Stack: React.js, Spring Boot, JPA, MySQL

- Built a full-stack hotel booking system with room reservation and booking management features.
- Developed RESTful APIs using Spring Boot and JPA for hotel, room, and booking operations.
- Used Git and GitHub for version control and For Booking System.

INTERNSHIP

Gsoft Solutions Pvt Ltd, Pune

Software Developer Intern

- Developed and maintained web applications using **React, Node.js, HTML, CSS, JavaScript**.
- Implemented CRUD operations using Core Java, Node.js, optimized database queries, and tested APIs using Postman.
- Improved UI responsiveness and overall application performance.
- Used Git and GitHub for version control, branch management, and collaborative development.
- Developed backend modules using Node.js and Express.js, designed REST APIs, integrated MySQL databases, optimized SQL queries, and collaborated with frontend developers using React.js.
